“More than 60 years of experience and 15 years of presence in Indonesia”

The image features three LINGONE wheel loaders in a quarry or construction setting. The loader on the left is shown from the side, with its bucket raised and filled with large rocks. The middle loader is positioned slightly behind and to the right, also with its bucket raised. The loader on the right is further back and to the right, with its bucket lowered. The background shows a steep, rocky hillside and some trees in the distance. The entire scene is overlaid with a semi-transparent blue layer, and the text "We understand what you need" is centered in white. The top and bottom of the image are framed by a solid blue border with a subtle white grid pattern.

“We understand what you need”

Product Applicability: R&D Team To Improve The Machine & Applicability

Over 110,000 m²

22,000+ m²
